

PROGRESS MEETING #2 14/11/2019

DANIYAR IRISHEV

PROGRESS SINCE THE LAST MEETING

- Read the provided PHD Thesis by Faranak Hardcastle (selected chapters).
- Explored PROV data models (e.g. PROV in XML).
- Researched targeted advertising from the advertisers' point of view.
- Researched the use of cookies and XML.

CURRENT CHALLENGES

- Mostly unchanged.
- Main issue is defining the scope and what parts of the system to implement.
- Not enough time given coursework.
